

Pre 2001  
L1MS (2001)  
many contain  
special projects  
that are not  
published

\* Susan looks all columns  
except for the ones Henry worked  
on; unless appearing  
(maybe?)

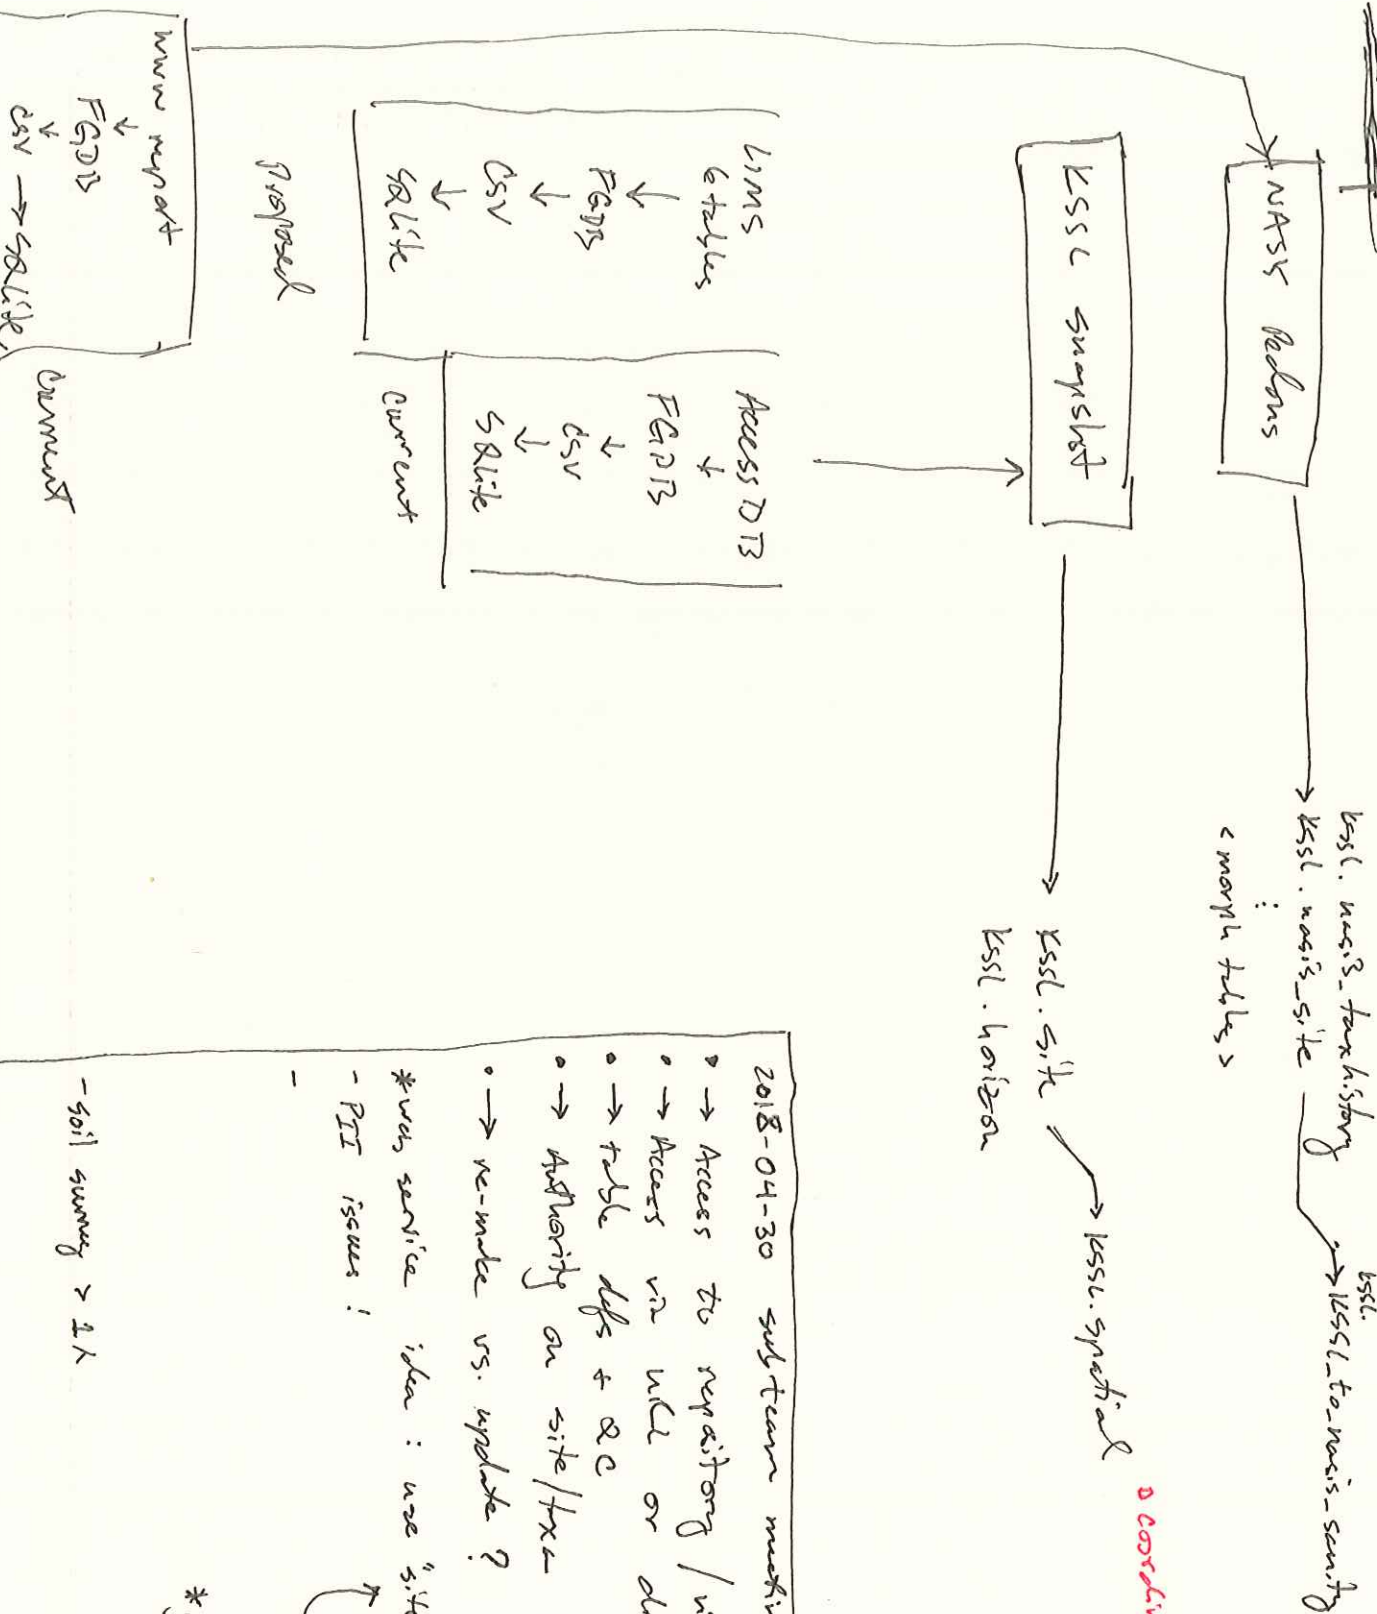

\* Heavy manual  
edits for ~~depths~~  
\* ~~classification~~  
\* ~~top/bottom, orig. data~~  
top, bottom, lat, lon.

not  
synced  
w/ Ness

fetch KSSL / soil web KSSL / NARS snapshot

2018-04-30 subteam meeting

- Access to repository / usability of views?
- Access via web or direct download
- table dfgs & QC
- Authority on site/txs : repo vs NARS
- re-make vs. update? → need new table
- \* was service idea : use "site" table in table data mart
- PII issues!
- tax + location current?
- ASAP
- \* good enough

- soil summary > 2x

Coordinate source? CRS?
